## ● ABOUT ME

---

Hi, I'm Samuel.

I consider myself a sincere, serious, ductile and precise person, I like to learn new things and new cultures. I love working in contact with people but I don't disdain solitary work at the computer. I graduated with 80/100 from ITI Leonardo Da Vinci in Florence as IT expert in 2020. During my work experience I have been able to continue a continuous personal growth by increasing my passions and refining my experience which, day by day, increases.

## ● WORK EXPERIENCE

---

### SOFTWARE DEVELOPER – ADVANCED MICROWAVE ENGINEERING S.R.L. – 17/06/2024 – Current – FIRENZE, ITALY

Within the company my role is as a software developer and tester.

Specifically, I have contributed to make changes and updates to applications aimed at safety at work but also to test them and prepare Testing phases for new versions.

In fact, the common goal of the company is to develop systems for worker safety within workplaces such as construction sites or large warehouses.

I also developed Windows software made entirely with Flutter, where I oversaw all aspects of development, from creation to release via apk.

Technical part:

Software development with Flutter and Java and use of Android Studio for developing and modifying applications in android.

Testing phase in Java using NetBeans testing environment.

### SOFTWARE DEVELOPER – SOFTEC S.P.A. – 11/09/2023 – 15/02/2024 – PRATO, ITALY

During the internship I learned:

Problem Solving method for solving queries.

New programming languages such as PHP and WordPress with in-depth study of HTML5 and CSS.

Team Working skills and ability to work under pressure.

Smart-Working Aptitude.

### JR FULL-STACK DEVELOPER – STUDIO SYSTEMATICA S.R.L. – 29/05/2023 – 06/08/2023 – FIRENZE, ITALY

Development of custom masks in the management environment for Zucchetti.

### JR FRONT-END DEVELOPER – OMNIA GROUP S.R.L. – 16/11/2022 – 25/05/2023 – SESTO FIORENTINO, ITALY

Within the internship I had the opportunity to interface and to contribute with the development of user interfaces and web apps on the Front-End side, going to build all the part of the user registration forms and differentiating by basic user and business user; I also developed the post login user interfaces differentiating them mainly in two parts: a first one that corresponds to the basic user side and is the customer interface, a second one that corresponds to the business side and is the interface dedicated to companies. Also, although in a minor way, I learned the implementation of a smart contract and its use so that it can be made usable within the developed web app.

I also got to learn how to perform some documentation steps related to a project such as making sequence diagrams, using the UML, and writing a description for certain parts of the project.

In addition to programming languages I got to improve personal skills such as those related to team-working and smart-working, as well as character skills such as concentration, compliance, seriousness in work projects and more generally a personal growth and my level of English, written and oral.

## ICT TECHNICIAN – COMPUTERCARE SRL – 10/09/2021 – 26/11/2021 – SESTO FIORENTINO, ITALY

My role was divided into two phases: a first part where I did labeling and inventory of electronic equipment and a second part where I was a technical operator via telephone as a call center.

### EDUCATION AND TRAINING

14/09/2015 – 17/06/2020 Firenze, Italy

#### SECONDARY SCHOOL DIPLOMA IN IT ITI Leonardo Da Vinci

I have studied programming languages like HTML, CSS, C++, C, Java, Php, Query and MySQL. In addition to programming languages, I have acquired skills in systems engineering and computer logic. I have inoltro had the opportunity to learn how to assemble computers and edit videos and photos.

**Address** Via del Terzolle, 91, 50127, Firenze, Italy | **Field of study** Information and Communication Technologies |

**Final grade** 80/100

15/04/2024 – 27/06/2024 Italy

#### EU ACADEMY TEST SPECIALIST Adecco

Argomenti trattati:
